

GREATER THAN
**JUNIPER
BOMB**

Limited Release

**TASTING
/ NOTES**

Suddenly, the lights went out.

The distillation stopped, and it was 24 hours before we could start again. Meanwhile, the juniper sat and steeped further into the spirit. What we got was not *Greater Than*, this was something else. We bring you this secret, 3 years later. Our first limited release gin, the *Juniper Bomb*.

Electric! Like biting straight into a plump Juniper Berry. Bold and complex at first with a lingering finish of ripe lychees.

**3 TIMES MORE
JUNIPER**

We didn't defuse this bomb, we infused it.
