JUNIPER

Juniper Bomb is back. The liquid is the same but the label is not. The label takes us back to that moment in time that created Juniper Bomb. The **blackout** that caused a **glitch** and over-extracted the Juniper over 34 hours! **3 times** longer than needed.

TASTING NOTES

Electric! Like biting straight into a plump Juniper Berry. Bold and complex at first with a finish of ripe lychees.

SERVE

Best served as a **GinTonic**, **GinSonic** or in any Gin cocktail. No garnish needed! **#Makeitnaked**
